23 December 2013

Dear Sally

Thank you very much for your letter of 28th December 2012 inviting the Queen's Nursing Institute to become an Associate Partner of the ICCHNR. Please accept my sincere apologies for the delay in responding formally to your letter.

As you know the invitation was debated at the QNI Council and our trustees have determined that the proposal is entirely suitable and aligns well with the work QNI. I am therefore delighted to officially notify you that the QNI is able to accept the invitation to become an Associate Partner of ICCHNR.

Our two organisations share values and beliefs about the contribution of community nursing research which we believe can be strengthened by the Associate Partner arrangement. I would be very pleased to work with you on how this might be translated into actions in 2014 and beyond.

I look forward to meeting in 2014 to discuss further.

With very best wishes

Crystal Oldman
